Hailo Euro-Cargo

HAILO EURO-CARGO ST45, 56 litre capacity

For carcass width 450 mm,
mounted behind fixed door panel

The new Euro-Cargo 3-pail waste bin includes one 30 litre pail and two 13 litre pails and is designed to fit perfectly into a 450mm cabinet width. With changing household recycling requirements, this solution makes it easy to sort general waste, various recyclable materials, and compostable items, ensuring a cleaner, more organised, and environmentally friendly kitchen.

Area of application:

For use in the kitchen and commercial environments for effective management of waste, organics and recycling.
