Luna Cleanflush™ Wall Faced Rimless Vitreous China  
Pan and Invisi II Cistern for Inwall, Under Counter,  
Induct or Inceiling applications

cleanflush

# School Smart Cleanflush™ Invisi II

Combining a contoured design with rimless pan technology, the **School Smart Cleanflush™** suite comprises of the **Luna Cleanflush™** pan and trusted Caroma **Invisi II** cistern. A robust and sturdy single flap seat and antivandal flush button makes this suite easy to clean and fit for purpose.

The adjustable flush pipe is a new feature for the Invisi II system. If the pan inlet hole is higher than the flush pipe due to floor tiling height variations, the flush pipe can be raised by up to 25mm.

The pan connection system includes the patented Caroma Uni-Orbital® Connector for increased installation flexibility. The Caroma Uni-Orbital® Connector extends to any position in a 50mm radius, unlike traditional connectors that only move backwards and forwards. The setout range is from 60mm – 160mm with a recommended setout of 140mm.

Featuring rimless pan technology, **School Smart Cleanflush™** is a superior flushing system suitable for use in education or similar applications. Incorporating several patented technologies: Caroma Flow Splitter™, Caroma Flow Balancer™ and Caroma Uni-Orbital® Connector, the Cleanflush pan is innovative and the next evolution in toilets. The Flow Splitter evenly flows water around the top of the bowl to meet at the Flow Balancer which directs the water powerfully into the sump, reducing the need for brush cleaning. The rimless pan is easy to clean and unlike traditional pan profiles, provides full visibility of any grime build up. Caroma Cleanflush provides a cleaner clean for peace of mind.

- Pan:** Luna Cleanflush™ wall faced back inlet 4.5 litre full flush rimless pan.
- Traps:** Universal trap for S or P-trap installations.
- Inlet:** Fully glazed 50mm back inlet for concealed cistern.
- Cisterns and Flushvalves:** **Invisi II Cistern** – suitable for inwall, under counter, induct and in ceiling applications. *For push button and access plate (supplied separately) options see chapter 6.15.1 CISTERNS of the Caroma Technical Manual.*
- Fixing:** The pan can be fixed to the floor by either bedding into mortar or using the supplied D82 Concealed Fixing Bracket.
- Seats:** The **Liano Care** single flap soft close quick release polypropylene injection moulded toilet seat, available in Caroma White (W) and Black (B), is provided as standard with the suite. A quality solid section moulded toilet seat, fitted with buffers and metal hinges.
- Colours:** White only (Pan and cistern).
- Installation:** The installation of the toilet suite shall be in accordance with the normal minimum drainline grade requirements in AS/NZS 3500.2.
- Dimensions:** All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
